Celebrate FOOLS 3rd Anniversary Bash

The Wichita Metro Area FOOLS of Oz believes in supporting Tradition, Training, and Brotherhood in the fire service. Part of that is remembering our fallen brothers.

That is why we have decided to spend part

of our celebration of another successful year, remembering the largest single loss of life within a Wichita area fire dept. On November 21st, 1968, the Wichita Fire Dept lost 4 brothers while they battled a fire in downtown Wichita. This is a great opportunity to hear from those that were fighting beside our brothers that tragic night.
